

Software Test Plan

S. No	Description	Test Engineer	Start Date	End Date
1	Landing Page	Anamta Sajid Ali	01-Jun-2026	02-Jun-2026
2	Sign Up Screen	Javeria Asif	03-Jun-2026	04-Jun-2026
3	Login Screen	Hussain Ali Khatri	05-Jun-2026	06-Jun-2026
4	Upload Handwriting Sample Screen	Javeria Asif	09-Jun-2026	10-Jun-2026
5	AI Analysis and Diagnosis	Javeria Asif	11-Jun-2026	12-Jun-2026
6	Report Generation	Hussain Ali Khatri	13-Jun-2026	14-Jun-2026
7	Exercise / Module Screen	Anamta Sajid Ali	15-Jun-2026	16-Jun-2026
8	Records Screen	Hussain Ali Khatri	17-Jun-2026	18-Jun-2026
9	Profile Update Screen	Javeria Asif	19-Jun-2026	20-Jun-2026
10	Feedback and Testimonials	Anamta Sajid Ali	21-Jun-2026	22-Jun-2026
11	Final Testing & Bug Fixing	All Members	22-Jun-2026	23-Jun-2026

Test Cases:

Project Name: AI Based System to Diagnose Dysgraphia

Iteration No: 1

Module Name: Landing Page

Date: 01-June-2026

Test Case ID: TC-01 to TC-05

Test Engineer: Anamta Sajid Ali

Test Case Description: To verify that the landing page correctly displays all informational sections (hero , about us , services , testimonials , contact) to guest and login users.

Test Cases for Landing Page

S. No	Steps	Input Data	Expected Result	Actual Result	Pass/Fail
TC-01	Open landing page as guest user	URL access (not logged in)	Hero section, About Us, Services, Testimonials, and Contact sections load correctly	As expected	Pass
TC-02	Click "Read More" on hero section	Click event	User is navigated to About Us section with full details	As expected	Pass
TC-03	Scroll to Testimonials section	Scroll/navigate to section	Approved patient/parent testimonials are displayed correctly	As expected	Pass
TC-04	Click "Contact Us" button	Click event	Contact details (email, phone, address) and feedback form are displayed	As expected	Pass
TC-05	Open landing page on mobile device	Mobile browser	Page layout is responsive and all sections display correctly	As expected	Pass

Project Name: AI Based System to Diagnose Dysgraphia

Iteration No: 1

Module Name: User Registration

Date: 03-June-2026

Test Case ID: TC-06 to TC-017

Test Engineer: Javeria Asif

Test Case Description: To verify the working of the registration module under different user roles securely and correctly.

Test Cases for User Registration

S. No	Steps	Input	Expected Result	Actual Result	Pass/Fail
TC-06	Register as student	Valid student info	Account created	As expected	Pass
TC-07	Register with existing email	Duplicate email	Error: Email already registered	As expected	Pass
TC-08	Register with weak password	Simple password	Error: Weak password warning	As expected	Pass
TC-09	Submit empty form	Blank fields	Error: Fields cannot be empty	As expected	Pass
TC-10	Register with invalid email format (regex validation)	Email: ali@@gmail	Error: Invalid email format	As expected	Pass
TC-11	Register with strong password meeting policy	Password: Ali@1234	Account created, strong password accepted	As expected	Pass
TC-12	Register with invalid username (special characters/numbers only)	Username: @@123###	Error: Invalid username format	As expected	Pass
TC-13	Register with empty/invalid address field	Address: (blank)	Error: Address is required	As expected	Pass
TC-14	Register with age less than 6 years	Age: 4	Error: Age must be greater than 6	As expected	Pass
TC-15	Register with valid age above 6 years	Age: 10	Age accepted, registration proceeds	As expected	Pass
TC-16	Register with Password and Confirm Password mismatch	Password: Pass@123, Confirm: Pass@124	Error: Passwords do not match	As expected	Pass
TC-17	Register with Password and Confirm Password matching	Password: Pass@123, Confirm: Pass@123	Passwords match, account created successfully	As expected	Pass

Project Name: AI Based System to Diagnose Dysgraphia

Iteration No: 1

Module Name: User Login

Date: 05-June-2026

Test Case ID: TC-18 to TC-23

Test Engineer: Hussain Ali Khatri

Test Case Description: To verify the working of the login module under different user roles securely and correctly.

Test Cases for User Login

S No	Steps	Input	Expected Result	Actual Result	Pass/Fail
TC-18	Login with valid registered credentials	Valid email & password	Login successful, redirected to Dashboard	As expected	Pass
TC-19	Login with email not registered in system	Unregistered email	Error: User not found	As expected	Pass
TC-20	Login with valid email but incorrect password	Valid email, wrong password	Error: Invalid password	As expected	Pass
TC-21	Submit empty login form	Blank fields	Error: Fields cannot be empty	As expected	Pass
TC-22	Session timeout on inactivity	Logged-in session	User logged out after 10 mins idle	As expected	Pass
TC-23	Remember me functionality	Checkbox enabled	User stays logged in across sessions	As expected	Pass

Project Name: AI Based System to Diagnose Dysgraphia

Iteration No: 1

Module Name: Handwriting Sample Upload

Date: 09-June-2026

Test Case ID: TC-24 to TC-27

Test Engineer: Javeria Asif

Test Case Description: To verify that handwriting sample upload correctly handles valid and invalid files, and varying image quality.

Test Cases for Handwriting Upload

S No	Steps	Input	Expected Result	Actual Result	Pass/Fail
TC-24	Upload clear handwriting image via file picker	Valid .jpg image, good lighting	Image uploaded successfully & sent for analysis	As expected	Pass
TC-25	Upload unsupported file type	sample.docx / .pdf file	Error: Unsupported file type	As expected	Pass
TC-26	Upload blurry / low-light image	Blurry .jpg image	Error: Image quality too poor, please re-upload	As expected	Pass
TC-27	Submit upload form without selecting file	No file selected	Error: Please select a file before proceeding	As expected	Pass

Project Name: AI Based System to Diagnose Dysgraphia

Iteration No: 1

Module Name: AI Analysis and Diagnosis

Date: 11-June-2026

Test Case ID: TC-28 to TC-32

Test Engineer: Javeria Asif

Test Case Description: To verify that the AI model analyzes the handwriting sample and displays the correct potential/severity result within a reasonable time and minimum accuracy threshold.

Test Cases for AI Analysis

S No	Steps	Input	Expected Result	Actual Result	Pass/Fail
TC-28	Analyze a known normal handwriting sample	normal_sample.jpg	Result displayed as "Normal" within 15 seconds	As expected	Pass
TC-29	Analyze a known high potential handwriting sample	hp_sample.jpg	Result displayed as "High Potential" with reason & summary	As expected	Pass
TC-30	Analyze a known low potential handwriting sample	lp_sample.jpg	Result displayed as "Low Potential" with reason & summary	As expected	Pass
TC-31	Verify model prediction accuracy on test dataset	Labelled test dataset	Model achieves minimum 94% accuracy	As expected	Pass
TC-32	Network interrupted during analysis	Sample upload with connection drop	Error: Analysis failed, please try again	As expected	Pass

Project Name: AI Based System to Diagnose Dysgraphia

Iteration No: 1

Module Name: Report Generation and Download

Date: 13-June-2026

Test Case ID: TC-33 to TC-35

Test Engineer: Hussain Ali Khatri

Test Case Description: To verify that diagnostic and patient summary reports can be generated and downloaded correctly as PDF files.

Test Cases for Report Generation

S No	Steps	Input	Expected Result	Actual Result	Pass/Fail
TC-33	Download diagnosis report as PDF	Completed assessment result	PDF report downloaded with Name, Result, Reason, Summary, Patient Summary	As expected	Pass
TC-34	Attempt PDF download with no completed assessment	New user, no records	Error: No report available to download	As expected	Pass
TC-35	Re-download a previously generated report	Existing report ID	Same PDF report retrieved successfully	As expected	Pass

Project Name: AI Based System to Diagnose Dysgraphia

Iteration No: 1

Module Name: Exercise and Practice Modules

Date: 15-June-2026

Test Case ID: TC-36 to TC-41

Test Engineer: Anamta Sajid Ali

Test Case Description: To verify that personalized practice exercises are correctly generated and accessible based on the diagnosis result, across all 5 modules.

Test Cases for Exercise Modules

S No	Steps	Input	Expected Result	Actual Result	Pass/Fail
TC-36	Open recommended exercise after diagnosis	High potential detected result	Module 1 exercise (tracing/practice) loads correctly	As expected	Pass
TC-37	Open recommended exercise after diagnosis	Low potential detected result	Module 3 exercise (tracing/practice) loads correctly	As expected	Pass
TC-38	Access exercise module without completing diagnosis	Direct module URL access	Error / redirect: Please complete assessment first	As expected	Pass
TC-39	Play practice video inside exercise module	Module 1 video	Video plays without buffering errors	As expected	Pass
TC-40	Open a module and view its exercise list	Module 1	Multiple exercises (tracing/practice tasks) are listed within the module	As expected	Pass
TC-41	Navigate to Modules section via Dashboard redirect	Click "Modules" link from Dashboard	All 5 modules are listed and accessible from the Dashboard	As expected	Pass

Project Name: AI Based System to Diagnose Dysgraphia

Iteration No: 1

Module Name: Records

Date: 17-June-2026

Test Case ID: TC-42 to TC-45

Test Engineer: Hussain Ali Khatri

Test Case Description: To verify that all past handwriting samples, results, and reports are stored and correctly retrievable from the Records screen.

Test Cases for Records

S No	Steps	Input	Expected Result	Actual Result	Pass/Fail
TC-42	View past records list	User with multiple uploads	List of records with Date, Result, View/Download links displayed	As expected	Pass
TC-43	View record as new user (no history)	New user account	Message: No records found	As expected	Pass
TC-44	Download PDF report from a record	Existing record entry	Correct PDF report for that record is downloaded	As expected	Pass
TC-45	Click on uploaded picture thumbnail to zoom in	Click event on record image	Image zooms in and is clearly viewable for verification	As expected	Pass

Project Name: AI Based System to Diagnose Dysgraphia

Iteration No: 1

Module Name: Profile Management

Date: 19-June-2026

Test Case ID: TC-46 to TC-49

Test Engineer: Javeria Asif

Test Case Description: To verify that users can correctly view and update their profile information.

Test Cases for Profile Management

S No	Steps	Input	Expected Result	Actual Result	Pass/Fail
TC-46	Update profile name and age	First Name: Ali, Age: 13	Profile updated & confirmation message displayed	As expected	Pass
TC-47	Update profile with invalid email format	Email: ali@@invalid	Error: Invalid email format	As expected	Pass
TC-48	Change password from profile settings	New valid password	Password updated successfully, re-login required	As expected	Pass
TC-49	Update address from profile settings	New address value	Address updated & confirmation message displayed	As expected	Pass

Project Name: AI Based System to Diagnose Dysgraphia

Iteration No: 1

Module Name: Feedback Upload and Testimonials

Date: 21-June-2026

Test Case ID: TC-50 to TC-54

Test Engineer: Anamta Sajid Ali

Test Case Description: To verify that users can submit feedback with name, email, and message, and that approved feedback is correctly displayed as testimonials on the landing page.

Test Cases for Feedback and Testimonials

S No	Steps	Input	Expected Result	Actual Result	Pass/Fail
TC-50	Submit feedback with valid Name, Email, and Message	Name: Sarah Khan, Email: sarah@gmail.com, Message: Great app!	Feedback submitted successfully & confirmation message displayed	As expected	Pass
TC-51	Submit feedback with empty Message field	Message: (blank)	Error: Message cannot be empty	As expected	Pass
TC-52	Submit feedback with invalid email format	Email: sarah@@invalid	Error: Invalid email format	As expected	Pass
TC-53	Submit feedback with empty Name field	Name: (blank)	Error: Name cannot be empty	As expected	Pass
TC-54	View testimonials section after feedback approval	Approved feedback entry	Feedback displayed as testimonial on landing page with name and message	As expected	Pass
